Irresistible Style Meets Unrivaled Durability

Premier Vinyl Liners offer an unprecedented selection of irresistible patterns. Combined with the added benefit of bacteria and chemical resistant material, you'll experience carefree enjoyment for many years to come.

For ease in cleaning and maintenance, choose Premier brand liners.

Featuring Ultra-Seam[®] Liner Technology

OVER 500,000 INSTALLS

Standard pool liners present visible lines on the pool floor at the seams which ultimately detract from the beauty of the pool. Our innovative Ultra-Seam technology elevates our liners to an entirely new category.

This exclusive process makes floor seams stronger and virtually invisible, so there's nothing that gets in the way of the picture perfect beauty of your pool!

Standard on every Premier liner. For more information, ask your dealer about Ultra-Seam!

In some pictures, the safety rope and floats have been removed from the pool for photographic purposes. The safety rope should be permanently attached at all times. We also urge you to use handrails and grabrails in accordance with the ANSI/APSP standards.

Introducing our

PEARLSCAPE™ COLLECTION with Pearlescent Inks

Latham offers an extensive array of designer patterns. The newest addition is our Pearlscape Collection. Iridescent inks are introduced into our traditional vinyl liners and these iridescent inks create a luminous shimmer and sparkle in your pool.

The unique Pearlscape Collection liners are made from the best vinyl material available. They are treated to resist algae growth and are UV resistant for a longer life.

PEARLSCAPE COLLECTION with Pearlescent Inks

			<p>Selecting your liner floor pattern will determine the shade of your pool water.</p> <p>LIGHT SHADES MEDIUM SHADES DARK SHADES</p> <p>These shades represent what the pool will look like when water is added.</p> <p>If you are interested in a subtle blue color, choose a light shade for your floor. Expect a vibrant blue when choosing a medium based color floor for your pool...and if you like bold and dramatic, the dark option floor is the choice for you.</p> <p>We've indicated on each pattern the shade you can expect your pool water to resemble.</p>						

All 27 mil full print liners (no tile borders) and 20 mil Penny Mosaic are available with no additional full floor print upcharge.
All floor patterns are available in Tread-Tex for vinyl over step applications.

- All vinyl liner graphics are for illustration purposes only. It is recommended by the manufacturer to view an actual vinyl sample before ordering your liner.
- Color may vary from printed brochure. The manufacturer reserves the right to change liner selections without notice.
- Pattern alignment may vary at the location of seams or on vinyl-over step applications.

2019 Vinyl Liner Patterns

Choose a Floor Pattern as Your Full Liner

You can choose to use a floor pattern without any tile at all, which will give a simply sophisticated appearance to your pool. Each of the Premier Pools floors featured in our vinyl liner pattern selection* are available as a full floor pool liner.**

All floor patterns are available in Tread-TEX™ for use on Vinyl Over Step applications!

Solid and Mesh Safety Covers

Latham mesh or solid safety covers are the strongest way to prevent children and pets from getting into your pool when you can't be there.

WE MAKE IT STRONG...TO KEEP YOUR FAMILY SAFE!

The stronger the cover, the safer the cover. We apply exclusive, patented design and manufacturing innovations to give Latham mesh and solid safety covers unmatched strength and durability.

WE MAKE IT EASY...TO INSTALL AND MAINTAIN!

Unique features such as our Latham exclusive center web and extra-long installation tool make it fast and easy to install and remove the cover. A Latham cover will keep debris out of your pool and block virtually all sunlight - so you save on chemicals and enjoy cleaner water at opening time.

The Latham Pool Safety Cover Difference

BEST WARRANTIES IN THE INDUSTRY!

GET YOUR COVER FASTER

- Twice as fast as most manufacturers!

YOUR COVER FITS BETTER

- Largest team of order and design experts in the industry; ensures your custom cover fits perfectly.
- Spring design helps your cover fit tightly against the pool deck preventing leaves and debris from blowing into your pool.
- Patented RDM (Reduced Deck Mount) system ensures that your cover can attach tightly even in tight locations.

- Heavy duty stainless steel coil springs standard on all covers.

STRONGER FABRIC AND SEAMS

- Special UV and mildew resistant formulas.
- Double-folded seams - the strongest seams on the planet.
- Reinforced corners to prevent ripping under stress.
- Durable chafing strips - prevents rubbing and premature cover wear.

MORE OPTIONS

- Color options to fit any backyard.
- Three mesh and two solid options.
- Standard mesh drain panel or optional cover pump.

Be Smart. Play It Safe!

IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include, but are not limited to:

1. Safety ropes, which should remain in place at all times.
2. "No Diving" signs, which are provided and should be installed in accordance with instructions included on the coping or liner, where they are clearly visible.
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it.
4. Necessary means of exit and entry into the pool.
5. Fencing with a self-latching gate, and other barriers that can assist in preventing unsupervised access to the pool by children.
6. Approved drain covers and other devices to protect against suction entrapment.
7. Minimum required inlets and returns to ensure proper water circulation.
8. Appropriate in pool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer's instructions, ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards. If the pool is labeled by us as Non-Diving, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

- Ensure that their pool is never used unless there is adequate supervision.
- Ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component.
- Ensure that All Children using their pool are supervised constantly.
- Ensure that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgement does not use the pool.
- Ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool liner and also available upon request. We must insist that you read

each item carefully and follow its instructions. These are:

- Pool Owners Safety Handbook
- APSP "Sensible Way" Book
- Vinyl Swimming Pool Liner Warranty
- "Children Aren't Waterproof" Book
- "No Diving" Labels
- Area Sign

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool.

NOTICE: The manufacturer stands behind every product they produce pursuant to those representations which are stated in the written warranties. Your dealer/builder/contractor is an independent business person and not an agent or employee of the manufacturer. The manufacturer cannot and does not accept any responsibility for any representations, statements or contracts made by any dealer/builder/contractor.
